Re: WC Docket Nos. 14-87 and 14-88

Dear Secretary Dortch:

TDS Telecommunications Corp., d/b/a TDS Telecom (“TDS Telecom”), by its attorneys and pursuant to the request of Commission staff, hereby submits in the above-referenced dockets the two attached maps.

The first map, which pertains to WC Docket No. 14-87, identifies the service territories of New London Telephone Co. (“New London”), Orchard Farm Telephone Co. (“Orchard Farm”), Stoutland Telephone Co. (“Stoutland”), and New Florence Telephone Co. (“New Florence”). As explained in the Application for Consent to Transfer Control in WC Docket No. 14-87, TDS Telecom and New Florence are seeking Commission approval to transfer control of New London, Orchard Farm, and Stoutland to New Florence.

The second map, which pertains to WC Docket No. 14-88, identifies the service territories of Home Telephone Co. (“Home Telephone”), North-State Telephone Co. (“North-State”), and Oregon Telephone Corp. (“Oregon Telephone”), which holds over ninety-five percent of the stock of North-State.¹ As explained in the Application for Consent to Transfer Control in WC Docket No. 14-88, TDS Telecom and North-State are seeking Commission approval to transfer control of Home Telephone to North-State.

Both of these maps demonstrate that the Applicants in each transaction for which Commission approval is being sought do not have any overlapping or adjacent service areas, which can be a necessary precondition for streamlined treatment pursuant to Section 63.03(b)(2)(iii) of the Commission’s rules.

¹ This map also happens to identify the service territory of Asotin Telephone Co., an existing TDS Telecom subsidiary that will be unaffected by the transactions.

Any questions concerning this submission should be directed to the undersigned, with a copy to Richard A. Finnigan, counsel for New Florence and North-State. Thank you for your attention regarding this matter.

Respectfully submitted,
